Comment:

a. Report confirms construction work at the DESSAU airfield. According to a previous report, the work on the expansion of the runway was apparently completed on 26 July 1949.

- ** c. The occupation of the airfield by twenty-six fighters is reported for the first time. No air unit was stationed at the airfield on 26 July 1949. Thus, the unit must have arrived between 26 July and 30 July 1949. This information requires confirmation.
